# The Athenian

---

EDITED BY THE  
ATHENIAN STAFF '68

# Dedication

We, the Senior Class of 1968, wish to dedicate this Athenian to Mr. Jones, our class sponsor, and Mr. Gaston, our advisor for the Athenian and class plays.

We sincerely appreciate their assistance in making each of our activities a success, and hope that they will accept this honor as part of the reward they deserve.

# Administration

Mr. James V. McDonald  
Superintendent

B.S., M.S., Illinois  
State University

To the Class of 1968, this year has contained incidents of considerable significance, some of which we might single out lest they be lost in our tendency to take so much for granted.

1. You are privileged to have spent an important part of your life in Illinois and that part of Illinois made particularly important by Illinois' most famous citizen, Abraham Lincoln.

2. You are a graduate in this great commemorative year of Illinois' Sesquicentennial anniversary as a state in our union of United States.

3. You are a graduate in a year during which your community has demonstrated its interest in education and the welfare of its young people. Though the new building will not serve you, the community that is building has served you, and your mark in life will determine the degree of success the community can claim.

We wish you well and we wish you success, if not at first, then eventually. Let Lincoln's endurance and persistence be your constant reminder that success may not come. You may have to work to get it.

# Cheerleaders

Yea, Rah, Athens! This year the varsity cheerleaders attended a week-long clinic at Illinois State University. From camp they learned new techniques that they used for pep rallies, group cheers, pom-pom routines and crowd spirit. At the beginning of the year, they installed a coke machine to finance the purchase of their new uniforms. Coached by Miss Donna Taylor, they had a great year.

# Awards

May 23 was bonus day for many Athens High students. The Annual Awards Day presentations were made before the entire student body at a formal assembly. From the many awards that were given by the commercial, music, and athletic departments, and awards for school service and attendance, some of the more outstanding are pictured below.

McCall's Pattern Company awarded Karla Engel for her outstanding work in sewing. Her award was based on certain sewing requirements. The Betty Crocker Future Homemaker of Tomorrow award was presented to Diane Irwin. The award was determined by a nationwide test given to all senior girls.

Some of the recipients of the many pins and medals awarded to students in musical activities.

Along with the many athletic awards given Awards Day was the presentation of a letter to our varsity manager, Dennis Kemmerling. Dennis has served our teams faithfully for 4 years, giving much assistance and encouragement to the boys. We will certainly miss him in the years to come.

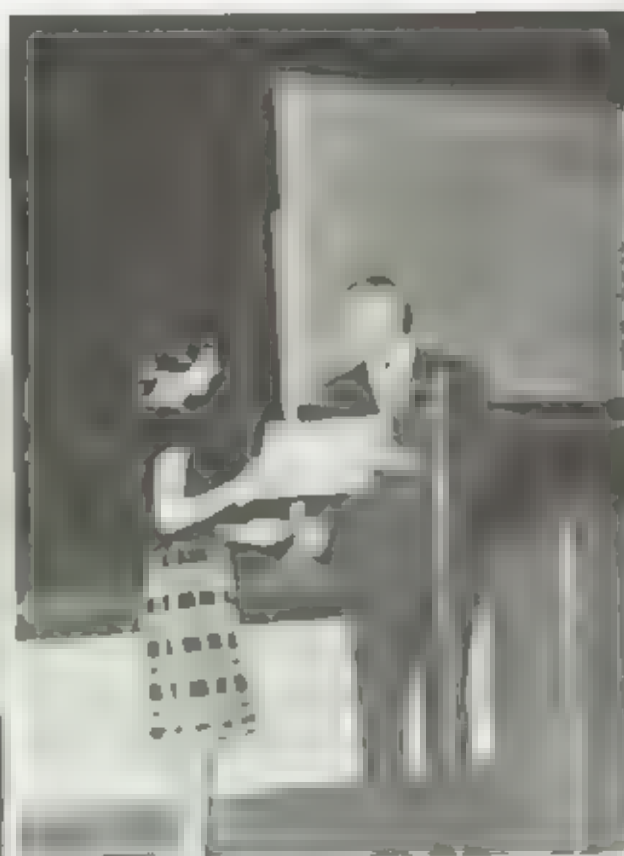

The award for the outstanding girl in Home Economics was presented to Sharon Showalter. The award is determined from classroom work and participation.

The Veterans of Foreign Wars sponsored a national speech contest centered on the theme, "Freedom's Challenge." Contestants wrote their own speeches and presented them before a judging committee. The winner at Athens was Pat Bell, advancing to the district contest where she placed second. She was honored for her achievement at a special assembly. There she gave her speech before the student body and was presented the second place trophy by Mr. James Lawson and Mr. Donald Bozarth, representatives of the V. F. W.

Cindy Daniels received a \$25 savings bond for an essay which she wrote for a contest sponsored by the Chicago Motor Club. The theme was "Driver's License... A Right or a Privilege".

The Future Farmers of America award was presented to Gary Brown. The award is based on citizenship, character, and outstanding work and co-operation in the field of agriculture.

The Bausch-Lomb Science award is presented each year to a student who shows high scholastic averages and intellectual promise in the field of science. This year the recipient was Don Schmidt.

# Senior Play

Isn't girl-talk boring, Bill?

"Shy Guy," a comedy by Paul S. McCoy, was presented on April 19, by the Senior class. The plot included a typical teen-aged boy in need of money who posed with a model for a cosmetics advertisement. He tried desperately to keep his parents and friends from knowing. However, matters were complicated when the model, her agent, a television producer, a mysterious bill collector, and an eighty-year old, football-playing spinster all entered the scene. The play was a laugh-filled experience, both for the audience and the cast.

# Speech Class

Evaluating the candidates.

Muscle???

This year's speech class, under the direction of Mr. Brady, had an experience-filled year. They studied the history of speech, plays by Shakespeare, did interpretations of characters from Shakespeare's plays, performed a one-act play before the student body, and wrote and produced their own play based on the novel, The Bridge of San Luis Rey. They taped their speech activities with a real poster-packed, table-thumping, "mock" Democratic election.

And if elected.....

# Building Program

Grade school nearing completion

As this year's edition of the Athenian goes to press, much of the proposed new construction is well under way, as these pictures show. The new Athens Grade School and the new high school gymnasium are nearing the final stages. Remodeling of the existing high school is also progressing satisfactorily. Barring any unforeseen delays, the students and parents of Athens Unit District #213 will have reason to feel proud when school opens this fall.
